Students at Cambridge Academy for Science and Technology celebrate their GCSE results

Students and staff at Cambridge Academy for Science and Technology (CAST) are celebrating after the Year 11 cohort received their results. Students at Cambridge Academy for Science and Technology celebrate their GCSE results.

Calum, who achieved seven grade 9s, said he was “really proud” of his results. “Studying at CAST was the right decision for me. I’ve improved my grades across the board and made a lot of friends. CAST has helped broaden my horizons, given me new skills and encouraged me to always aim higher,” he said. Today’s result follows on from the success of last week’s A-level and T-level results, which saw students achieve a raft of impressive grades and secure places at some of the country’s most prestigious universities. Buoyed by their GCSE results, many of the school’s outgoing Year 11 students will be taking up places in the sixth form this September.
